

## All gone

I think I know something  
about the little cracks  
where dust will disappear  
and you will feel no fear

Why are you all gone  
now that I'm ready  
we used to have fun  
now we are deadly

I think I'll be looking  
at the stars in the night  
how can you disappear  
right in front of me now

Why are you all gone  
now that I'm ready  
we used to have fun  
now we are deadly

It's a nasty thought  
now you're brought to naught  
how can you be gone  
now all is said and done

How can you be lost  
how can I gain trust  
walk along the road  
repeat it all again

I think you'll be sleeping  
when I come to wake you  
so why are you peeping  
in the void of your dream

Why are you all gone  
now that I'm ready  
we used to have fun  
now we are deadly

Why are you all gone  
now that I'm ready  
we used to have fun  
now we are deadly
