

Apples and Oranges

Your face is glowing in the dark
your eyes are shining bright
how come you're present in disguise
I knew you at first sight

Apples and Oranges
how can I choose
Camels and miracles
nothing to loose

Your body slides across the lawn
your prey hides in the dark
I close my eyes, it's t.v. time
I know you're shifting shape

Apples and Oranges
how can I choose
Camels and miracles
nothing to loose

A tisket and a tasket
I want to fill my basket
with green and yellow goods

A tisket and a tasket
what's in the little basket
you never understood

A tisket and a tasket
I want to fill my basket
with green and yellow goods

A tisket and a tasket
what's in the little basket
you never understood

You possess the right formula
I sing your birthday song
there's no excuse for me tonight
go prove that I am wrong

Apples and Oranges
how can I choose
Camels and miracles
nothing to loose
