

Awake

One day you'll find yourself
sitting in the sunshine
the fear is gone, the war was won
everybody's doing fine

Am I awake or
am I still dreaming
the sleep is like a snake,
when it comes creeping in

Someday we're bound to wake
someday we will know to stop
the dream is gone, the sky is clear
everybody's looking up

Am I awake or
am I still dreaming
the sleep is like a snake,
when it comes creeping in

Am I awake or
am I still dreaming
the sleep is like a snake,
when it comes creeping in

Awake, awake, awake, awake
awake, awake, awake, awake
awake, awake, awake, awake
awake, awake, awake, awake
