

## Brave new World

Brave new world  
where happiness rules  
brave new world  
for mindless fools

Brave new world  
where incubators  
spew the children  
out in rows

Party, party, Ford and feast  
kiss them all from west to east  
party, party Ford and feast  
let us sing it loud in joy

Brave new world  
no suffering  
brave new world  
happy happening

Brave new world  
where children  
learn lessons of  
their life in sleep

Soma, soma, give me more  
I can't stand it anymore  
soma, soma, give me more  
let me dream for evermore

Sacrifice pain of art  
for simple pleasures  
sacrifice trust in faith  
for logic measures

Brave new world  
we love our caste  
brave new world  
so large and vast

Brave new world  
where children  
play recklessly  
among the dead

Party, party, Ford and feast  
kiss them all from west to east  
party, party Ford and feast  
let us sing it loud in joy

Soma, soma, give me more  
I can't stand it anymore  
soma, soma, give me more  
let me dream for evermore

Sacrifice pain of art  
for simple pleasures  
sacrifice trust in faith  
for logic measures

Soma, soma, soma, soma  
Soma, soma, soma, soma  
Soma, soma, soma, soma  
Soma, soma, soma, soma
