

Carried away

(seven of cups)

Seven cups of wonder
seven deadly sins
I am here to plunder
I will fill my bins

Carried away
I'm led astray
desires so sweet
I can't even breathe

Cups of visions in the sky
opportunity galore
will there be a price to pay
I want it all and more

Carried away
I'm led astray
desires so sweet
I can't even fleet

Carried away
I'm led astray
desires so sweet
I can't even breathe

Laurel wreath of victory
death is on the loose
overheated fantasy
do I have to choose

Carried away
I'm led astray
desires so sweet
I can't even fleet

Carried away
I'm led astray
desires so sweet
I can't even breathe

Jewels shine enchanting
castles made of sand
dragon of temptation
luring out of hand

Carried away
I'm led astray
desires so sweet
I can't even fleet
