

Complete

The clock is ticking
all the time away
the days and years are
passing quickly by

Once I was complete
but now completely lost
I was turned around
I'm facing upside down

I used to stand so tall
but now I fall
the path I walked so clear
is paved with fear

Once I was complete
but now completely lost
I was turned around
I'm facing upside down

Standing on my feet
I'm waiting for the bus
don't know where to go
I'll take the first for us

In a world of shadows deep
where secrets are keeping
lost within this endless daze
right now I am sleeping

In the silence of the night
whispers dance, so elusive
dreams unfold like petals fair
like tales in the midnight

I wore a crown of pride
now it's cast aside
I held the golden key
but lost it away

Once I was complete
but now completely lost
I was turned around
I'm facing upside down

Standing on my feet
I'm waiting for the bus
don't know where to go
I'll take the first for us
