

## Dance with me

I'm one hell of a reckless guy  
I don't have to try  
You know I'm gonna fly so high  
way up in the sky

I'm searching for a good time, yeah  
so, will you be there?  
You know I'm gonna have some fun  
'cause I'm a son of a gun

Dance with me, hold me tight  
It's fine, you're mine, it feels so right  
dance with me, hold me tight  
It's fine, you're gonna be the one  
tonight's the night we dance away  
that's the way it ought to stay  
fly with me into the sky  
you don't need to ask me how and why

I don't know what I'm gonna find  
I sure won't be blind  
I'll find someone to ease my mind  
the one of a kind

You say you've got a weary head  
and feet full of lead  
I'm gonna put a spell on you  
and it won't be just a flu

Dance with me, hold me tight  
It's fine, you're mine, it feels so right  
dance with me, hold me tight  
It's fine, you're gonna be the one  
tonight's the night we dance away  
that's the way it ought to stay  
fly with me into the sky  
you don't need to ask me how and why
