

Fear Monger

You come with your tubes
your pills and your lubes
I'd rather not be
a part of your show

Fear monger, nights of terror
fear monger, one of a kind
fear monger I am caught
in a river of raging fear

You put me to sleep
in a bed of heap
you give me pinprick
and teach me to lick

Fear monger, nights of terror
fear monger, one of a kind
fear monger I am caught
in a river of raging fear

White sheet and white smock
patterns before my eyes
I wait in dark halls
when the next torture calls

My dreams are shattered
in a blur of thoughts
I am put away
in a fire the next day

You come with your smile
hypnotize a while
you tap me for blood
it sounds kinda odd

Fear monger, nights of terror
fear monger, one of a kind
fear monger I am caught
in a river of raging fear
