

Fuck me Jesus

I met her in a cozy bar
she wanted me to go too far
you know how bad those girls they are
I fucked her off into my car

A preacher on the telly screen
said now you're gettin' much too mean
his eyes were focused in a beam
I'd like to see his fancy dream

Hallelujah hallelujah
fuck me Jesus

My shrink is such a nelly queen
the best in town you've ever seen
said get your daddy off your back
that man he makes you look so sad

I'm gonna lead a life of my own
the past won't ever get me down
I'm gonna find a love of my own
I won't be anybody's clown

Love is such a precious thing
why don't you dig it every day
life is such a precious thing
so don't you ever waste it away

solo

Love is such a precious thing
why don't you dig it every day
life is such a precious thing
so don't you ever waste it away

solo

Love is such a precious thing
why don't you dig it every day
life is such a precious thing
so don't you ever waste it away

A preacher on the telly show
he showed me how to do the blow
I know that his salvation sucks
release your soul for twenty bucks

Hallelujah hallelujah
fuck me Jesus
