

I don't wanna know

We sit in silence
and watch the TV
I'm trying to be
as good as I can

I turn my head
I don't wanna see
alive or dead
I don't wanna know

I plug my ears
I don't wanna hear
bad news and fears
I don't wanna know

I try to be kind
wobbling up and down
I'm trying to be
on level with you

I turn my head
I don't wanna see
alive or dead
I don't wanna know

I plug my ears
I don't wanna hear
bad news and fears
I don't wanna know

I think you should
just go, go, go
go, go, go
you know the space
is mine, mine, mine
mine, mine, mine

I think it is a
no, no, no
no, no, no
you know you should
just leave, leave, leave
leave, leave, leave

I long to be me
but who really cares
I'm trying to get
and not to forget

I turn my head
I don't wanna see
alive or dead
I don't wanna know

I plug my ears
I don't wanna hear
bad news and fears
I don't wanna know
