

I talk to the Moon

No one ever listen
no one ever care and
I just keep on talking
I just keep on walking

I talk to the moon
it's shining so brightly
the moon in my room
it's staying here nightly

Got to learn my lesson
got to earn my wage and
I just keep on spending
I just keep on mending

I talk to the moon
it's shining so brightly
the moon in my room
it's staying here nightly

I talk to the wall
it's not gonna argue
the sound fills it all
from head to my shoes

Where are all my people
where did they all end up
I'm alone and blue and
caught up in the moonlight

I talk to the moon
it's shining so brightly
the moon in my room
it's staying here nightly

I talk to the wall
it's not gonna argue
the sound fills it all
from head to my shoes
