

Limbo

Rocking back and forth
I can't get away
breathing in and out
it doesn't seem to help

Limbo, I'm in a limbo
my personal hell
Limbo, I'm in a limbo
that's what I can tell

Going back and forth
I try to pass by
looking up and down
I'm feeling like a clown

Limbo, I'm in a limbo
my personal hell
Limbo, I'm in a limbo
that's what I can tell

I want to be free
oh let go of me
the lights all go red
the fight's in my head

I want to be me
why can't you just see
the lights in the sky
where I use to fly

Wanted to be with you
now I want you out
you took all my power
I'm feeling flat and low

Limbo, I'm in a limbo
my personal hell
Limbo, I'm in a limbo
that's what I can tell

Limbo, I'm in a limbo
my personal hell
Limbo, I'm in a limbo
that's what I can tell
