

## Oasis

I've been walking  
through the desert land  
I've been talking  
like a waterfall  
I've been spending  
all my money now  
I don't even  
have a single dime

Oasis

I need a place to rest my bones

Oasis

I need a place to call my own

I've been thinking  
'bout the love we had  
I've been thinking,  
but I grew so sad  
I've been working,  
and I called it art  
You've been joking,  
but you weren't too smart

Oasis

I need a place to rest my bones

Oasis

I need a place to call my own

I've been walking  
through the desert land  
I've been trying  
hard to understand  
why I've been such a  
dumb and silly fool  
all I wanted was  
just to play it cool

Oasis

I need a place to rest my bones

Oasis

I need a place to call my own

Oasis

I need a place to ease my mind

Oasis

I need a place, I'm going blind
