a. Paradise Lost

Dreaming in my rocking chair
as the sun sets in the west
once there was a time for us
once there was a place to go

We had our dreams and such
we didn't care that much
life was granted all along
future seemed so far away

Paradise lost
nobody cares
fading in the night
like a ghost of light

Happiness was far away
yet it could have been so close
it was out of reach for us
it was on the other side

The days were like a fight
and the nights were cold as ice
fear was lurking all along
death was homed in ev'ry song

Paradise lost
nobody cares
fading in the night
like a ghost of light

- b. The path less traveled
(instrumental)

c. Where did I go wrong

Don't do this and
don't do that
it's the only choice
you've ever had
you start to avoid,
you start to hide
you stop feeling
and start reeling

Where did I go wrong
singing a different song
no, I did not go
and I didn't sing at all

Life goes on,
it gets so tough
as the time goes by
you've had enough
you start to defend,
you start to fight
you stop feeling
and start reeling

Where did I go wrong
singing a different song
no, I did not go
and I didn't sing at all

Where did I go wrong
singing a different song
no, I did not go
and I didn't sing at all

Where did I go wrong
singing a different song
no, I did not go
and I didn't sing at all

d. Netherworlds (instrumental)

e. Forever disgraced

I am the morning star
I want the power and glory
I am the bright new hope
I tell you a different story

I'm forever disgraced
I told the truth
right in your face
I'm forever disgraced
I am the angel of light

You kicked me out for good
I had to creep in the dust
You got no place on earth
your houses are cold and bare

I'm forever disgraced
I told the truth
right in your face
I'm forever disgraced
I am the angel of light

I'm forever disgraced
I told the truth
right in your face
I'm forever disgraced
I am the angel of light

f. Solitude (instrumental)

f. Paradise Lost (reprise)

Happiness is out of reach
lost forever in the past
like an image on the wall
you can never grab it at all

You'll try to pick it up
the visions come and go
try to play it in a song
try to wear it like a crown

Paradise lost
nobody cares
fading in the night
like a ghost of light

Paradise lost
nobody cares
fading in the night
like a ghost of light
