

## Phantom Zone

I've been put away  
I'm outside looking in  
I've broken a leg  
I'm inside looking out

Watching and waiting  
from the phantom zone  
hoping and coping  
knowing that I'm alone

I'm feeling the pain  
when outside looking in  
you must know the gain  
When inside looking out

Watching and waiting  
from the phantom zone  
hoping and coping  
knowing that I'm alone

Let me in  
let me out  
where have you been  
out and about

I'm alone  
I will watch  
I wanna join  
I wanna touch

I'm feeling the comfort  
when outside looking in  
I wish you'd join me  
we're inside looking out

Watching and waiting  
from the phantom zone  
hoping and coping  
knowing that I'm alone

Watching and waiting  
from the phantom zone  
hoping and coping  
knowing that I'm alone
