

## Poodle Dog

Do you like my poodle hair  
do you like the clothes I wear  
do you like the way I walk  
do you like my fucking attitude

I am your poodle dog  
I hit the stage to rock  
I like to play it tough  
like a wagging poodle dog

Do you like my sweet caress  
do you like my fancy dress  
do you like the way I kiss  
do you like the way I play it rude

I am your poodle dog  
I hit the stage to rock  
I like to play it tough  
like a wagging poodle dog

Come on little honey child  
let's go out and let's go wild  
Don't you just sit there and stare  
gotta do it while you got the chance

I am your poodle dog  
I hit the stage to rock  
I like to play it tough  
like a wagging poodle dog

I dream all night and day  
about the stage and stars  
the time will fly away  
in the black and shiny cars
