

Queen of Cups

On a day like I've never seen before
I thought I'd see forever and a day
looking into the mirror of mysteries
only to see a glimpse of paradox

Queen of cups
you are my downs and ups
queen of cups
when are you gonna stop

On a night like I've never seen before
I thought I'd see the stars in your eyes
looking into the darkness of subconsciousness
only to see my emotions on the rocks

Queen of cups
you are my downs and ups
queen of cups
when are you gonna stop

Lost my self in daydreams and fantasies
I thought I'd see the solutions to my life
Looking into the void of the world
I thought I'd escape, but there's no chance at all

Queen of cups
you are my downs and ups
queen of cups
when are you gonna stop

Do you think
you're able to help me out
flip a card
and you will see some more
