

Revolving Doors

I wanna get in
I want to get some action
I wanna get out
it was a fatal attraction

playing games
scream and shout
calling names
clear and loud

Revolving doors
a mystic force
they keep me going
they keep me flowing

We're playing all night
it's like a merry-go-round
we're starting to fight
we crash and smash, we're going
down

I wanna grab you
but you seem to be fast now
I wanna slap you
I know, you know, it won't last now

Are we gonna stop?
or can we keep the motion
have we had enough?
we are so high on emotion

Revolving doors
a mystic force
they keep me going
they keep me flowing

Revolving doors
a mystic force
they keep me going
they keep me flowing

Going in
going out
round and round
round and round

Revolving doors
a mystic force
they keep me going
they keep me flowing

We're playing all night
it's like a merry-go-round
we're starting to fight
we crash and smash, we're going
down
