

Should I go?

The light is eternal
and so is the love
the energy is burning
underneath and above

Should I go
and leave it all behind
Should I go
you know the date is blind
Should I go
a voyage waits ahead
Should I go
I know I'll end up dead

Increasing my knowledge
I know there'll be pain
it's just like in college
there is so much to gain

Should I go
and leave it all behind
Should I go
you know the date is blind
Should I go
a voyage waits ahead
Should I go
I know I'll end up dead

Should I go
and leave it all behind
Should I go
you know the date is blind
Should I go
a voyage waits ahead
Should I go
I know I'll end up dead
