

Stupid Game

I watch the screen
and I play the game
but it's the same
I keep loosing all the time

Stupid game
it's so futile
starting over and
feeling so useless

I hide at night
when the zombies's out
the useless fight
will be over before too long

Stupid game
it's so futile
starting over and
feeling so useless

Seven days to die
seven ways to fly
making traps for zombies
I'm not a newbie

They're flooding the land
they're walking the earth
they're making a call
summoning them all

I build my house
in the underground
I'm keeping watch in my fortress
for unwanted guests

Stupid game
it's so futile
starting over
feeling so useless

Stupid game
it's so futile
starting over
feeling so useless
