

Valley of the Moon

Misty mountains all around
news won't be getting through at all
not a single bit gets through
you don't know what to do

We're living in the valley of the moon
you will get back into your safe cocoon
we're living in the valley of the moon
valley of the moon, valley of the moon

Stumble stoney ground today
the sun is frying all the way
nighttime is as cold a ice
remember what they say

We're living in the valley of the moon
you will get back into your safe cocoon
we're living in the valley of the moon
valley of the moon, valley of the moon

Lost your beauty, lost your faith
remaining in the songs you knew
trying to unlock the truth
you don't know how to use

We're living in the valley of the moon
you will get back into your safe cocoon
we're living in the valley of the moon
valley of the moon, valley of the moon

We're living in the valley of the moon
you will get back into your safe cocoon
we're living in the valley of the moon
valley of the moon, valley of the moon
