

Waiting for Christmas

The days are getting shorter
we got to turn on the lights
The last witch from Halloween
has flown and will not be seen

Waiting for Christmas
in the morning
waiting for Christmas
all day long
waiting for Christmas
in the evening
waiting for Christmas
it's all about believing

Now Santa's in his workshop
preparing the nifty gifts
for all the kids who's been good
we pray and we'll hope the best

Waiting for Christmas
in the morning
waiting for Christmas
all day long
waiting for Christmas
in the evening
waiting for Christmas
it's all about believing

A cold has made me snotty
I bake and make some hot tea
I turn on the TV-set
and watch a Christmas cartoon

Waiting for Christmas
in the morning
waiting for Christmas
all day long
waiting for Christmas
in the evening
waiting for Christmas
it's all about believing

Waiting for Christmas
in the morning
waiting for Christmas
all day long
waiting for Christmas
in the evening
waiting for Christmas
it's all about believing
