

Christmas forever

Christmas forever
you will not ever
see anything like it
in you wildest dreams

I'm walking down the street
I'm looking at the lights
I wish you would be
here to see it, here to see the lights
I wish you would be
here to see it, here to see the lights

Christmas forever
you will not ever
see anything like it
in you wildest dreams

I'm dancing round the tree
I'm looking at the lights
I wish you would be
here to see it, here to see the lights
I wish you would be
here to see it, here to see the lights

Christmas forever
you will not ever
see anything like it
in you wildest dreams

Christmas forever
you will not ever
see anything like it
in you wildest dreams
