

## Christmas party

The tree is shining, lights aglow  
we're dancing in the snow  
and mistletoes are hung above  
the season filled with love

Christmas party  
let's dance around the tree  
Christmas party  
come put your hand in mine  
Christmas party  
under the mistletoe  
Christmas party  
the fresh and gleamy snow

The candy canes and gingerbread  
the presents got to be spread  
and stockings hanging nice and neat  
the bells ring out the beat

Christmas party  
let's dance around the tree  
Christmas party  
come put your hand in mine  
Christmas party  
under the mistletoe  
Christmas party  
the fresh and gleamy snow

Twinkle little stars above  
wrapped in the warmth of Christmas love  
hold on tight, the night's is young  
we will sing our Christmas song

Joy and laughter everywhere  
we'll go on dancing 'round the tree  
mistletoe, the magic's here  
it's the happiest time of the year

The sweets are hanging on the tree  
joy and laughter will be  
the fire's warm, the music's bright  
we're celebrating light

Christmas party  
let's dance around the tree  
Christmas party  
come put your hand in mine  
Christmas party  
under the mistletoe  
Christmas party  
the fresh and gleamy snow
