

Alright

There you go
in the middle of my dream
Now I see
Things aren't always what they seem

Black and blue
Will I carry what you do?
Day for night
Will I dream about you too?

Alright, hold me tight
We're gonna fly tonight
Alright, hold me tight
We're gonna see the light

Who am I? What are we?
I was always insecure
Wait and see, you will be
What you always wanted to

In the end
at the bottom of your life
You are stuck
in the middle of your dreams

Alright, hold me tight
We're gonna fly tonight
Alright, hold me tight
We're gonna see the light

Alright, hold me tight
We're gonna fly tonight
Alright, hold me tight
We're gonna see the light

Who am I? What are we?
I was always insecure
Wait and see, you will be
What you always wanted to
