

## Candlelight Christmas

The streets are empty  
and there's no light  
coming from the lampposts  
and stores at night

Candlelight Christmas  
we got no el  
Candlelight Christmas  
we're ringing the bell

We light the candles  
all over the house  
we use the blankets  
to keep us warm

Candlelight Christmas  
we got no el  
Candlelight Christmas  
we're ringing the bell

Light the candles  
watch them shine  
everyday until  
Christmas's here

The star leads the way  
The moon shining bright  
you know where to go  
in the darkest night

Candlelight Christmas  
we got no el  
Candlelight Christmas  
we're ringing the bell

Candlelight Christmas  
we got no el  
Candlelight Christmas  
we're ringing the bell
