

Constellations

1. You can be a star
2. Zodiac (Instrumental)

1. You can be a star

Life is hard and then you die
there's no mercy here for you
see the birds, you want to fly
how they do, you've got no clue

Working hard from dawn to dusk
freedom's here at any cost
money spent is money lost
in the end we turn to dust

You can be a star
shining from afar
never coming close
like a precious rose

We won't change a thing
just add a little bling
you'll be like a god
even though you're odd

3. Constellations
4. You can be a star (reprise)

Your blood will be running cold
sending shivers down your spine
knowing that you're getting old
when you try to walk the line

You're holding your head up high
when you're looking at the stars
you wish and you draw a sigh
as they pass by in the night

You can be a star
shining from afar
never coming close
like a precious rose

We won't change a thing
just add a little bling
you'll be like a god
even though you're odd

2. Zodiac (Instrumental)

3. Constellations

Laying down your sword
was it worth the fight
longing for a word
reaching at the light

Glancing at the sky
in the moonless night
wish you were up there
shining down your light

Altair, Cygnus, Andromeda
Acrux, Vega, Cassiopeia
Pollux, Hydra, Ursa Major
Cepheus, Phoenix, Ursa Minor

Tearing down the world
solve the quest for God
make yourself be heard
write the script in blood

Dreaming of the stars
in the velvet sky
banish all the wars
never gonna die

Altair, Cygnus, Andromeda
Acrux, Vega, Cassiopeia
Pollux, Hydra, Ursa Major
Cepheus, Phoenix, Ursa Minor

Virgo, Taurus, Reticulum
Leo, Serpens, Sagittarius
Perseus, Pictor, Eridanus
Scorpius, Libra, Horologium

4. You can be a star (reprise)

Little things they mean so much
we forget the human touch
no one out there's on the watch
you know there's
so much and such

Fighting here at all the time
go get a place in the sun
keeping off the social slime
next thing you know
you're on the run

You can be a star
shining from afar
never coming close
like a precious rose

We won't change a thing
just add a little bling
you'll be like a god
even though you're odd
