

Dreamscape 3

Sleeping is called the little death. We do it every night.
We even look forward to do it. We can't be without it.

Have you noticed certain irregularities when you dream?

Yes, sometimes I can't seem to wake up - I mean - I don't feel like it...

Do you dream in colors?

I dreamt this huge world once. It was a flat orange wasteland.

Everything was perfect, but somehow something goes wrong.

It's just a tiny thing, but it makes the whole world coming down in one big crash.

How can it crash when it's flat?

I don't know...

Little death...

Do you dream in colors?

Crash!

I don't know... I don't know...

I don't know...I don't know...
