## a. Lighthouses

Watch the waves go up and down  
I'm afraid I'm gonna drown  
sometimes I lose my direction  
I'm afraid I smash to ground

Lighthouses  
at the open sea  
they tell us  
where we're gonna be

Images of land and home  
all the things I've ever known  
visions of the rays of light  
tells me I will be alright

Lighthouses  
at the open sea  
they tell us  
where we're gonna be

## b. Signals

Signals coming through  
on the radio  
voices from the past  
tell it's gonna last

Signals, we're watching  
signals, we're listening  
signals, I'm tuning  
I turn the knob again

Signals fading out  
on the radio  
voices from afar  
shouting in thin air

Signals, we're watching  
signals, we're listening  
signals, I'm tuning  
I turn the knob again

c. Don't you dare me

We play a little game  
look into the abyss  
I'm calling you a name  
the flames are getting higher

Don't you dare me  
don't you scare me  
don't you walk on by  
don't you make me cry

I want to know your game  
look into the void  
I want to feel your flame  
the abyss' getting deeper

Don't you dare me  
don't you scare me  
don't you walk on by  
don't you make me cry

d. Call of the Void (instrumental)

e. Secrets

The secrets' piling up in me  
I'm just about to blow apart  
how can you walk around  
pretending there is nothing  
wrong

Secrets, tell me your secrets  
secret number, secret address  
do you want to know a secret  
I believe you are stalking me

The secrets' melting down in me  
I'm just a blob on the floor  
how can you walk around  
pretending there is nothing  
wrong

Secrets, tell me your secrets  
secret number, secret address  
do you want to know a secret  
I believe you are stalking me

f. Foggy mind (instrumental)

g. Run away

I'm drawn to the light  
like a moth to a flame  
especially in the night  
this is not, not a game

I run, run, run, keep running  
away  
away, away, keep running away  
the flames will eat, devour me  
I'm lightning up and rush to the  
ground

Run, run, run, run away  
run, run, run, run away  
run, run, run, run away  
run, run, run, run away

Keep running away  
keep running away  
keep running away  
run, run, run, run away

I run from the light  
It's a hard dreadful fight  
the light sweeps, sweeps the sky  
and it draws, draws me in

I run, run, run, keep running  
away  
away, away, keep running away  
the flames will eat, devour me  
I'm lightning up and rush to the  
ground

Run, run, run, run away  
run, run, run, run away  
run, run, run, run away  
run, run, run, run away

Keep running away  
keep running away  
keep running away  
run, run, run, run away

h. Floating (instrumental)

i. On the way back home

On the way back home  
I stumble and I hurt my knee  
I can hardly walk  
I can hardly talk, but cry

On the way back home  
the night is dark and cold  
I am traveling bold  
the light is sweeping the waves

On the way back home  
I'm crawling and I have to creep  
I can just get by  
if I start to run and fly

On the way back home  
the night is dark and cold  
I am traveling bold  
the light is sweeping the waves

On the way back home  
the night is dark and cold  
I am traveling bold  
the light is sweeping the waves

i. Lighthouses (reprise)

Entering the red phone booth  
how I need a teleport  
I am dialing up my secret  
I am dialing up my home

Lighthouses  
at the open sea  
they tell us  
where we're gonna be

Lighthouses  
at the open sea  
they tell us  
where we're gonna be
