

Out of my mind

I've had enough
I wanna stop
I don't wanna play this game

It's all the same
this wicked game
I've been through this before

How can I live in peace
how can I live with ease
With the demons
fighting next to me

I don't know
how to show...
how to show them
right out of my mind

tema 1

It's all too much
It's all too tough
we're suffocating the flame

The fight goes on
it's been so long
the monster came our way

How can I breathe the air
and be without despair
when you come with
your "you're in for good"

I don't know
how to show...
how to show you
right out of my mind

In the end you will see how we shine
in the light from within we'll be fine
At the top of the stairs you will see
there's a way you can go to be free

tema 2, tema 1

It's been so hard
right from the start
why can't we have a ball

It could be cool
like any fool
I'd dance the night away

How can I live with joy
and be a happy boy
With the demons
haunting every night

I don't know
how to show...
how to show them
right out of my mind

In the end you will see how we shine
in the light from within we'll be fine
At the top of the stairs you will see
there's a way you can go to be free

tema 2, solo

In the end you will see how we shine
in the light from within we'll be fine
At the top of the stairs you will see
there's a way you can go to be free
