

# Stay Home

You're risking your life  
and other peoples too  
you wanna go out  
but no one's out there

Stay home  
I wish that you would  
stay home  
you know that you should

You wanna have fun  
and play around too  
the good times are gone  
just take a walk alone

Stay home  
I wish that you would  
stay home  
you know that you should

We sit in silence in our homes  
faces are lit in a glowing tone  
we watch the news on TV screens  
cakes and the coffee are killing the  
screams

You lurk in your dreams  
the boundaries are gone  
you fly on a horse  
a fabulous one

Stay home  
I wish that you would  
stay home  
you know that you should

Stay home  
and watch your TV  
stay home  
there's so much to see
