

Summer and sun

Looking out my window
and the sun is up, yeah
wonder where to go now
to the beach or fair, yeah

Summer and sun
we're having such fun
summer and sun
we play and we run

Checking on my cellphone
sending s-m-ses
meet ya on the beach soon
take it easy, no stress

Summer and sun
we're having such fun
summer and sun
we play and we run

I'll be picking peaches
and I eat banana
I'll go sucking lychees
and I take gurana

Summer and sun
we're having such fun
summer and sun
we play and we run

Summer and sun
we're having such fun
summer and sun
we've only begun
