

Wall of Light

The jukebox is always playing
the melodies of past lives and pain
the jukebox is always shining
the shifting light, a chrome plated dream

Looking behind the wall of light
looking to find someone hiding behind the wall

The Candy house is always luring
with sparkling colors to ease your mind
the Candy house is always playing
the feeling of a summer far away

Looking behind the wall of light
looking to find someone hiding behind the wall
Looking behind the wall of light
looking to find someone hiding behind the wall

The jukebox was always playing
no matter what mood you may be in
the candyfloss is overflowing
and neon colors swirling around

Looking behind the wall of light
looking to find someone hiding behind the wall
Looking behind the wall of light
looking to find someone hiding behind the wall

Soda Shop

Candy cane, magic stick
play our song, do the trick
soda pop, lemon drop
wall of light, out of sight

Color beams, liquid dreams
angel face, flying lace
shiny cars, cruise around
mystic veil, setting sail
