

Whipped to Love

You tell me people are dying
you tell me to do something
you tell me people are crying
they always will do wrong things

I feel whipped to love
I feel whipped to care
oh my good Lord above
have mercy on me

I got to wear my thoughts on shirts
and though they will throw with dirt
please stay away from easy meat
and try avoid the hot seat

I feel whipped to love
I feel whipped to care
oh my good Lord above
have mercy on me

I can't contain the suffering
I will not do what you say
I can't accept your offering
I will not kneel down and pray

I feel whipped to love
I feel whipped to care
oh my good Lord above
have mercy on me

I feel whipped to love
I feel whipped to care
oh my good Lord above
have mercy on me
