

Your Eyes

On a dark, very
gloomy night
we are searching for
a light to guide us through

I can see nothing
but the dark
Yet a faintly light
is glimpsing in the void

I want to look into your eyes again
I want to see where we're going to
Do you remember the lights we saw
Now they are back in your eyes
tonight

In a way you're the
light to me
I can see you shine
and lighting up the path

Don't you go away
from me now
I can't be without
the light you shine on me

I want to look into your eyes again
I want to see where we're going to
Do you remember the lights we saw
Now they are back in your eyes
tonight

I want to look into your eyes again
I want to see where we're going to
Do you remember the lights we saw
Now they are back in your eyes
tonight

I want to look into your eyes again
I want to see where we're going to
Do you remember the lights we saw
Now they are back in the sky tonight
